2. The students also requested for the maintenance of silence inside the library to avoid unnecessary distractions.
3. The students have asked for the installation of a second water cooler inside the college campus to meet up with the requirements of the students.
4. Suggestions have been made for the provision of steel racks to the students to keep their helmets during college hours as theft has been reported.
5. Suggestions for combined classes for 3rd year students have been made as only few students are attending classes.
