1. The students have pointed out that the Professors should deal with the students politely so as not to be misinterpreted by them and prevent their egos from being hurt.
2. Notes, if they are to be distributed, should be handed out as early as possible so that the students will be able to prepare for their examinations.
3. The students have requested also called for an explanation regarding their stipend and house rent.
4. Requests have been made for attendance to be taken even when the Professors are on leave to keep up with the university's insistence on conversion of attendance into marks at the end of every semester.

In keeping up with the assessment of the teachers and the degree courses, the committee conducted students' assessment on the 20th, 21st and 22nd November, 2017 with the 5th Semester Core students. The assessment thus made has been analysed and results of the assessment have been circulated to all the Professors.
