As has been scheduled in its previous meeting, the Grievances Redressal Cell reviewed the various points of complaints and suggestions received on the 22nd November 2018.

1. The students requested that they should be exempted from paying for the Xerox copies, or if that is not possible to lessen the amount of the Xerox copies.
2. The students also requested for the maintenance of silence inside the library to avoid unnecessary distractions.
3. It has been suggested that the students should be asked to wear their college t-shirts as often as they like and expected the t-shirt material to be a good one.

In keeping up with the assessment of the teachers and the degree courses, the committee conducted students' assessment on the 19th, 20th and 21st November, 2018 with the 5th Semester Core students. The assessment thus made has been analysed and results of the assessment have been circulated to all the Professors
