

## **Memorandum of Understanding**

### **Memorandum of Understanding**

Between

**Youth for Sustainability Clubs, India**

and

**Eco-Club of Government Johnson College, Aizawl, Mizoram**

This Memorandum of Understanding (MOU) sets the terms and understanding between the **Youth for Sustainability, India (hereafter "YfS")** and **Eco-Club of Government Johnson College (hereafter "the institute")** to collaborate as for activities related to SDG 12 and 13.

#### **Background**

Youth for sustainability is a volunteer-driven, non-profitable organization where the volunteers focus more on the groundwork that needs to be done in order to bring a change, however small it is. They believe in the phrase, "Action before Reaction" and are working together to achieve the Sustainable Development Goals 2030.

#### **Purpose**

This MOU will outline how YfS and the institute will work together to maximize the benefits of our mutual interests in translating areas of existing disciplines into sustainable practices, as well as ensuring outreach for collaborative events & identifying strategic agendas for entrepreneurship workshops and training.

- This MoU is not legally binding, except as specifically set out below
- This MoU can be amended only in writing and subject to agreement by both YfS and the institute

**Scope**

The scope of this MoU covers the volunteer-driven activities of mutual interest to YfS and the institute and the associated environmentalism and sustainable strategies and social entrepreneurship needs.

**Expectations and Benefits:**

The above goals will be accomplished by undertaking the following activities

Create a mutual understanding of the strategy and needs of both organizations to enable broader understanding for YfS of the benefits and opportunities of working with the institute and assist the institute's understanding of the benefits and opportunities of working with YfS

Identify synergies between YfS and the institute events, training, and sustainability-driven activities where they relate to environmentalism, sustainability, and social entrepreneurship strategies of YfS

Create opportunities through a volunteer-driven chapter and student coordinators for volunteer-driven activities and projects which translate science into innovative tools or solutions for use by YfS

Act mutually as advocates for environmental and sustainability research, SDGs, and each other, when interacting with decision-makers and other stakeholders

Identify and measure the impact arising from YfS' collaboration with various events under the institute

YfS will assist as outreach and sustainability partners for the activities & events conducted by the institute

## **Funds and Sponsorship**

1. Look for sponsors for events and activities *curated and managed together by YfS and the institute.*
2. Try and support each other in activities and events that have *mutual interest and development.*

## **Duration**

The effective commencement date of this collaboration will be the date of the signing of this MoU and this collaboration shall remain in force for an indefinite period from the commencement date. The duration of this MoU is deemed to be non-exhaustive.

The collaboration can be terminated at any time by any Party following a consultation period of 30 (thirty) calendar days or such period as agreed otherwise between the parties and thereafter giving 30 (thirty) calendar days written notice of termination to the other Party in case of discrepancy and irregularities by either of the Parties.
